Pathology & Laboratory Medicine (PaLM) Division of Core Laboratory – Hematology

The Hematology Technical Quality Specialist (TQS) is accountable for providing expert-level technical guidance and leading quality improvement initiatives. This position requires a high degree of technical expertise in Hematology. Working in collaboration with Hematology Division leaders, the Hematology TQS will be responsible for developing and establishing quality management system standards, ensuring that the highest level of care is provided for our patients and that laboratory best practice and regulatory requirements are being met. This role plays a key part in leading regional committees on lab quality to drive standardization and system improvement. This role will be supporting all regional organizations supported by PaLM.
Qualifications

- Bachelor’s degree in medical laboratory technology or life sciences, or as acceptable by the hospital
- Registration with the College of Medical Laboratory Technologists of Ontario
- Minimum five (5) years of relevant experience in Hematology
- Advanced interpersonal skills
- Demonstrated high level of academic knowledge related to technical and quality best practices
- Demonstrated project management and research skills
- Demonstrated computer skills including Microsoft Suite
- Demonstrated public speaking ability
- Demonstrated ability to work independently and consistently meet deadlines
- Demonstrated prioritization skills with ability to manage competing requests
- Demonstrated in depth knowledge of PaLM’s Quality Management System, Institute for Quality Management in Healthcare (IQMH) Medical Laboratory Accreditation requirements
- Demonstrated knowledge of policies, standards, best practice, quality standards and issues related to lab quality
- Demonstrated practice and commitment to the principles of patient and family centered care
- Demonstrated practice and commitment to patient and staff safety at LHSC
- Demonstrated practice and commitment to LHSC’s Mission, Vision and Values
- Demonstrated ability to attend work on a regular basis

Immunization Requirements:

- Provide vaccination records or proof of immunity against measles, mumps, rubella and varicella (chicken pox), Hepatitis B, Tetanus/ Diphtheria/Polio; Meningitis.
- Provide documentation of the Tuberculosis skin testing (two step)
